

WHAT'S THE ADOPTION PROCESS?

STEP 1: MEET & GREET

- Pick a time that works for everyone!
- For dogs:
 - Meet somewhere neutral.
 - Introduce to owned dogs if you are comfortable. If not, let the dog team facilitate it!
- For cats:
 - Meet and greets must take place where the cat has been living.
 - Do not have potential adopters bring owned animals (dogs or cats).
- Move slow and trust your gut!

STEP 2: APPROVE

- If the meet and greet went well, and they want to adopt, it's time to make a decision:
 - Ask the right questions!
 - Inform them of any medical or behavioral concerns!
 - Make the decision!
- If you are not comfortable making the call, let us know, and we can make it!

STEP 3: FINALIZE

- Text or call the foster department with the name of the adopter, and let us know that you approve them for adoption!
- The front desk will text them the checkout link!
- Please don't hand off the pet until the adoption is finalized!
